### **4.0 DISCUSSION ITEMS**

#### **4.1 Program Review Cycle (2014-2022): First Reading – K. Neufeld**

Kenley Neufeld reported that the Program Evaluation Committee (PEC) was charged with improving the college's program evaluation practices primarily through the Program Review process. PEC has produced a series of recommendations, most of which are changes to administrative procedures, to be submitted to the Board Policies and Procedures (BPAP) process for review. Mr. Neufeld noted that in order for PEC to thoroughly assess all program evaluations, the committee determined that one third of the college's programs be reviewed each year beginning with Educational Programs (Cycle A) in fall 2014, and each program will be re-evaluated every three years after its initial evaluation. The Program Review Cycle can be accessed at <http://bit.ly/1n8F6JW>.

#### **4.2 Marketing Department Reorganization: First Reading – P. English (Att. 4.2)**

Pat English and Karen Sophiea proposed that the Marketing Department make two staffing changes with the goal of integrating credit and non-credit, as well as formalizing the departmental operations already in place. The first change is the transfer of the non-credit Public Information and Publications Specialist currently reporting to the Executive Vice President of Educational Programs to a Marketing Communications Specialist position reporting to the Marketing Director. This transfer will not require additional funding. The second change consists of reclassifying the Graphic Designer position currently reporting to the Marketing Director as a Marketing Communications Specialist. This transfer requires additional funding of \$12,175/year which covers a salary increase as well as an increase in benefits and payroll taxes.

#### **4.3 HR Out of Compliance Emergency Reapplication for Lab Teaching Assistant – Art Option: First Reading – P. English (Att. 4.3)**

Pat English presented a brief history of the Art Department's use of professional volunteers to staff art labs, a practice that needs to be eliminated. Discussion ensued.

Consensus was reached by council that the Art Department would proceed by hiring short term hourly employees to replace professional volunteers in department labs, and that no further action on the part of council was needed.
